Dear Mr. Krohn:

Re: Notice of Intention to Revise Mining Operations, Continental Lime Inc.,
Cricket Mountain Quarry, M/027/006, Millard County, Utah

On April 14, 1992, the Division received Continental Lime Inc.'s, revised mining and reclamation plan for the Cricket Mountain Quarry pursuant to our request for an updated and consolidated plan. This letter is sent to notify you that we will not be able to complete our review of your revised mining and reclamation plan within the standard 30-day review period. Scheduling conflicts and permitting backlogs are the basis of this unforeseen delay.

We apologize for this delay and hope it will not cause any serious development or construction scheduling problems for you. We anticipate completing our review within the next 45-60 days. Thank you for your patience and understanding in this regard. Please contact me if you have questions or concerns with this review scheduling proposal.

Sincerely,

D. Wayne Hedberg
